Your Ed. and Secretary once again attended Airventure up in Oshkosh, Wisconsin. Attendance: Approximately 677,000 – A record total (previous mark: 650,000 in 2022). More than 10,000 aircraft arrived at Wittman Regional Airport in Oshkosh and other airports in east-central Wisconsin. At Wittman alone, there were 21,883 aircraft operations in the 11-day period from July 20-30, which is an average of approximately 148 takeoffs/landings per hour when the airport is open.

Donated VWs are accepted by the Experimental Aircraft Association (EAA) and serve utility purposes around Wittman Regional during Airventure. Not licensed for the open road, the Beetle sedans and Things are somewhat modified and might not pass a state inspection. The VWs are nonetheless vital to the everyday operations of Airventure.

EAA happily accepts air-cooled VWs in any condition, giving these vets a new chance at life, bringing a smile to the faces of countless attendees of Airventure.

This record year there were 3,365 total showplanes including a record 1,497 registered in vintage aircraft parking, plus 1,067 homebuilt aircraft, 380 warbirds (up 3 percent from '22), 194 ultralights, 134 seaplanes and amphibians, 52 aerobatic aircraft, and 41 rotorcraft. There were more than 1,400 Forums, Workshops, and Presentations hosted throughout the week, including Ed.'s usual airship spiel in Forum One on the Friday morning.

Secretary's Report

There was no in-person meeting of the CFVWC in July. We decided to pause the in-person meeting during the hot July Saturday, since so many members were out of town or attending other events. We'll meet again in August, Saturday the 12th, back at the Mellow Mushroom. See you there!
